The sentence that they change also changed the ownership percentage attributed to Chris McCourt. Prior to the change, the narrative implied that all managers and officers listed on the previous page had 10% ownership (including Chris). After the change it is clear that he has no ownership. This is good, because the sum of the ownership in the AVS was 110%. I have corrected Chris McCourts ownership to show 0%.

>>> Angela Nance Tuesday, January 05, 2010 10:42 AM >>>

I checked the O & C information and everything has already been entered into the AVS database and it has not changed. They simply deleted a sentence to better clarify the definition of company ownership...

>>> Priscilla Burton 1/4/2010 8:42 AM >>>

I am forwarding Daron's recent email to remind you all that a memo is not required. If there are issues, please contact Daron.

Angela, I have copied you on this message so that you can check the O & C changes and enter them in the AVS database.

Thanks all.

Jim and I discussed the housekeeping items that were required to be submitted for the Coal Hollow application. These items were required to be corrected and submitted as part of the application, so we don't feel there is a need for a technical review and write up. We would like everyone to look the items over and make sure the issue has been addressed and then we will just accept them as part of the plan. If there is a problem with how the issue has been addressed or if they have missed something, let me know so we can follow up and make sure the issue gets addressed. Please send me an email when you have had a chance to look them over. Thanks.
